# Health Centre 1

## Health assessment and answer guide

Excite Grade 2 and Inspire Grade 3. Each grade has five independent days with 10 Health questions per day.

Record each day separately. N = not observed; 1 = limited; 2 = developing; 3 = considerable; 4 = thorough. Record support and evidence. Completion ticks and automatic answer checks do not assign teacher achievement levels.

Use this project's CSV response files or paper work. The Excel workbook has one tab per grade and day.

Food pictures support discussion. Read ingredient clues when sorting processing levels. Packaging alone does not define a processing category. Plate diagrams show proportions, not a prescribed number of servings.
